Dear Dr Boralkar,

It is my pleasure to invite you to attend the 26th General Assembly of IYF and a three-day seminar on "The role of youth towards a better life in towns", to be held in Salzburg, Austria, from 3 to 16 August 1981. I would further request you to kindly chair a session during the seminar and to deliver a keynote address to the delegates.

The background information and relevant literature has been sent to you by the IYF secretariat in Donmark.

As you know, this General Assembly, which will mark the 25th anniversary of the foundation of IYF, is a very important one, as it will have to consider proposals to reform the structure of the federation in order to provide better opportunities for the independent development of youth environmental activities in regions such as Asia. Due to lack of funds we are unable to invite more persons from developing countries and therefore we request you to please attend the entire General Assembly and seminar and contribute to the deliberations with your valuable experience of the Asian environmental scene.

I am glad to inform you that IYF will cover your travel, board and accommodation and other expenses to be incurred for your participation in the seminar and General Assembly. Enclosed you will find an air ticket for your travel to Europe.

Kindly inform us of your acceptance at the earliest.

Yours sincerely,

I am enclosing the copy of the cover story on Malkswagen finally selecting Maharashtra for its green field Car Project at an investment of 580 million USD. The story has been published by " Autoper Professional" a tession magazine on Automobile Industry. The article endorses the turnaround achieved by the State. in attracting maga investments in the auto sector in a short span of one year after a lult in the past.

All this has been possible during this short period because of the whole hearted autolities extended by the Cabinet and all of you. I have no doctet in my mind that if we continue with the same zeal and conviction, we will be able to retain the enviable position as the "Most Sought After State" for both Foreign and Domestic Investors.

Dear Dr. Boralkar,

As you are aware the 'Thane Police school', an ambitious project of bringing high quality education to the doors of the policemen was launched on the 1st March 2006. I am glad to inform you that the preliminary school has started functioning from today. The school would be one of the finest schools in the City in the years to come. For getting all the necessary permissions from the authorities you have helped us tremendously and I thank you wholeheartedly for doing this timely help for us.

With regards,

Yours sincerely,

Dr. D.B. Boralkar. Member Secretary. M.P.C.B., Mumbai.
