Dear Dr. Boralkar,

I thank you very much for giving away several items from your personal collection to our library at the Department of Environmental Sciences. This included environment related academic and reference books, important reports, research papers/monographs, back issues of scientific journals, ecology practical work-books & manuals etc.

I trust, this academic treasure of yours, accumulated over more than four decades of your illustrious journey in the area of pollution control and environment protection, will be of great help to our students in their studies and research.

My best wishes for your healthy and bright future ahead!

With regards,

Yours sincerely,
